 **Gregandmae** Hi, we spent 2 weeks in Canada last summer and yes, we took the **WHALE-WATCHING** tour. It was a bit disappointing, how unlucky we were! We only saw some whales in the distance, right at the end.

 **Stacyvandfran** We have never been so disappointed in our life! 😞 We sooo wanted to see a killer whale up close!

 **Peter** It is totally worth it. I would recommend it for anyone who loves adventure. I met some wonderful people too.

 **Ianandfran** What an awesome adventure! The **RAFTING** crew were great, funny, and skilled. One criticism – their wet suits and life-jackets smelled musty. They really need to wash them more often.

 **Janett** Hi, I am travelling to Whistler soon. I have never tried **ZIPLINING** before. I think I want to try it. Is it safe?

 **Thewizard** I took the **ZIPLINING** tour last week. The guides were very experienced and I felt really safe... But OMG! I screamed all the way down... I've never been so scared in my whole life!

 **Dennis** Loved it!! The best **ZIPLINING** adventure I've ever had! Upload your photos everyone! I can't wait to see them...
