

INUIT'S RISKY HARVEST (récolte) UNDER THE SEA ICE.

At first, Inuits have to build an igloo because it is -45°C outside. In the igloo it is 16°C, so it is quite cosy (= _____). They wait in here.

When the _____ goes out underneath the _____, the Inuits go under the ice as _____ as possible because they have only 30 minutes before the _____ returns.

It is _____ because it is unstable and if they can't get out, they _____.

The Inuits of Arctic Canada are the only people who gather (= _____) mussels this way.

WORD BANK : (Be careful, one word mustn't be written...)

FRIGHTENING / SNOWMOBILE / TIDE (marée) / ICE / DIE
